

FREDERICK DOUGLASS CENTER.

You are cordially invited to meet Mrs. Katherine Ware Smith Friday evening, June 7, at 8 p. m. Mrs. Smith is a sister of President Ware of Atlanta university and a former resident of that city. She will speak on "Life Among the Colored People of the South."

The address of Mrs. Hiller last Sunday on "Democracy in Education" was so well received that opportunity will be given for a larger number to hear it at a later date, to be announced hereafter.

The reception last evening to Mrs. Katherine Ware Smith was an enjoyable affair. As the daughter of the first president of Atlanta university and the sister of the present head of that institution, Mrs. Smith has a keen interest in the work and progress of the Negro. She will prove a valuable accession to various social activities in Chicago.

Mrs. Louise Montgomery, who is connected with the Society for Vocational Training, will speak June 9 on "The Employment of Children." Mr. George E. Garner has kindly consented to be present to render a vocal solo. Edward McKinney will render a clarinet solo.
