FREDERICK DOUGLASS CENTER.

Sunday, Jan. 3, at 4 p. m., Mrs. W. I. Thomas of the Chicago University, who spent ten months in Hawaii last year, will give an account of her experiences and impressions in that country. Dr. Gunn, one of the musical critics of the Chicago press, will give a few piano selections. Vacation week was spent in merry-making by the little people, when we gave them parties, gifts and a general good time. Your attention is called to the special session of the Health Department Exhibit given under the auspices of the colored physicians, Dr. A. Wilberforce Williams, chairman, on Jan. 8 at 2:30 p. m. and 8 p. m., at the City Club, 315 Plymouth court. These meetings are a part of the general exhibit which has been open to the public several weeks and will be of unusual interest. They should attract a large attendance from the colored population. The subjects of discussion are "Sanitation, Housing, Tuberculosis, Etc."
