# **Thomas W. Fleming's Case to Be Reviewed**

Cleveland, Dec. 13.—Former Councilman Thomas W. Fleming and his friends are jubilant now that the supreme court has acted favorably in his case. He was granted a review which gives him three or more months respite.

A complete review of his bribery case means that both the defense and the prosecution will have a chance to argue before the supreme court. Attorney Alexander H. Martin, associate counsel, presented the briefs which won the review.
